LAUREN JOHNSON (RUSHING), AICP

Project Manager / Principal Planner

Profile

Lauren is an urban planner with experience in transportation and mobility. Holding a Bachelor's degree in Environmental Science and Policy and a Master's degree in Urban & Regional Planning her interests lie in the relationship between spatial development, mobility, and quality of life. Through her work in transportation planning, Lauren seeks to strengthen this relationship to positively impact in the communities she works in. For the past four (4) years, Lauren has worked with NUE Urban Concepts to implement and update mobility plans and mobility fees for local governments throughout Florida. Lauren is proactive in her work and combines strategic and practical insights to reach a vision of livability.

Relevant Project Experience (Selection)
